

cut out waste paper

saving paper means less rubbish to dispose of, reduced pressure on forests to provide new paper, and lower office costs.

Here's how to help the environment and save money

- photocopy on both sides
- use scrap paper for notes
- check a single copy before big run

local paper for surrey – an office waste paper collection and buy back scheme. Recycle used white office paper to the local mill and buy it back as a quality office paper.
